

**16th Meeting of the CAREC Transport Sector Coordinating Committee**

17-19 May 2017 • Tbilisi, Georgia

**16-е заседание Координационного комитета ЦАРЭС по транспортному сектору**

17-19 мая 2017 года • Тбилиси, Грузия

# The Belt and Road Initiative and Transport Cooperation with CAREC

CHINA

# BELT and ROAD

## The Belt and Road Initiative

- the Silk Road Economic Belt + 21st Century Maritime Silk Road
- promote the orderly flow: capital, technology and talent
- efficient resource distribution and deep market integration

## New pattern: win-win international cooperation

- policy communication
- facility connection
- Unimpeded trade
- Financial Integration
- people to people

## Transportation cooperation

- the important component to promote the Belt and Road Initiative
- the important basis to achieve the Belt and Road Initiative

# Transport cooperation with CAREC

## Open-cooperation and win-win principle

### 1. Transportation infrastructure

- three overland transportation corridors (north, middle and south)
- 8 cross-border highways, 2 railways, 5 oil and gas pipelines
- 8 border ports, 2 ports which have been planned yet not open

### 2. International transportation

- China-Kazakhstan, China-Kirgizstan, China-Tajikistan agreements, China-Kazakhstan cross-border marine cargo agreement, China-Kyrgyzstan-Uzbekistan automobile transportation agreement and etc.
- 100 cross-border through passenger and cargo transportation lines
- China-Europe trains: 1,881 lines, with 502 return trips.(June 2016).  
The total volume of import and export trade reached 17 billion USD.

# Actions envisaged for Future

## 1. Support traffic connectivity construction

- the primary goal : transportation infrastructure connectivity
- transportation infrastructure construction: the integrated transportation channel layout and improving weak links

## 2. Improve international transportation convenience level

- implement bilateral and multilateral negotiations
- set up and complete traffic cooperation mechanism and road transportation agreement
- increase passenger and cargo transportation routes
- improve the management level and clearance efficiency of border ports

# Actions envisaged for Future

## 3. Explore cooperation in transportation field

- traffic plan and construction standard
- transport construction, modern logistics, green transport and safety engineering, and etc
- transport scientific research education and talent training

## 4. Regulate international transportation market

- set up a open and fair international transportation market
- support traffic transportation enterprises in various countries to conduct communication and cooperation in technical equipment, engineering construction, operation management
