

16th Meeting of the CAREC Transport Sector Coordinating Committee

17-19 May 2017 • Tbilisi, Georgia

16-е заседание Координационного комитета ЦАРЭС по транспортному сектору

17-19 мая 2017 года • Тбилиси, Грузия

CAREC Corridors: Implementation Progress, Planned Actions and Needed Support

TURKMENISTAN

Implementation Progress

- Construction of Atamyrat–Ymamnazar–Aqina Railway has been completed;
- Reconstruction of Ashgabat – Turkmenbashi highway – planned to complete by end 2018 ;
- Construction of Turkmenbashi International Seaport – scheduled for completion by end 2017;

Turkmenistan transport Sector Projects

- North – South International Transport Corridor;
- Road and rail bridges;
- International Airport;
- International road passenger terminal;
- Expressway Ashgabat -Turkmenbashi;
- International Seaport at Turkmenbashi.

A decorative graphic on the left side of the slide consists of several overlapping, colorful triangles in shades of blue, green, and orange. Each triangle contains a white icon representing a different mode of transport: a ship, an airplane, a train, a truck, and a bus. The background of the slide is light blue with a pattern of small, faint white dots.

Investment and Knowledge Needs

- We are interested to further develop relationships with international financial institutions with regard to transport sector investment.
- We are interested in studying the experience of the international financial institutions and CAREC Institute in the railway reforms, and in establishing free economic zones and multimodal logistic centers.
