Economic Analysis on HPAI Prevention and Control

Wei Xinjie

China Animal Health and Epidemiology Centre Ministry of Agriculture, P.R. China 2008.11.7

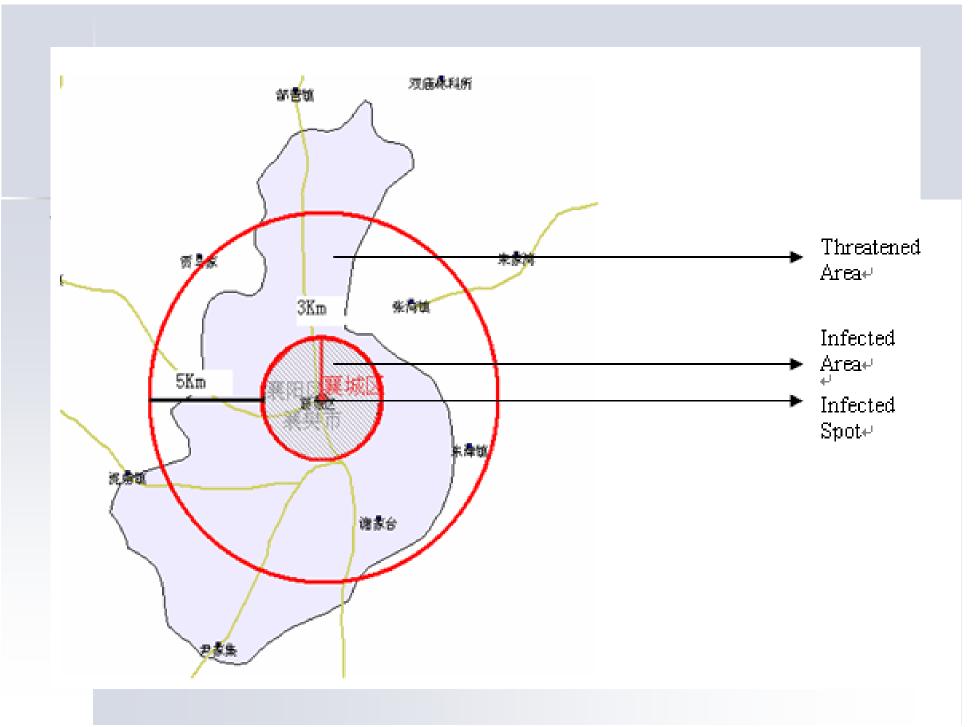

History Distribution of HPAI in China

General Policy for HPAI Control in China

- Guideline of strong leadership, sound coordination, reliance on science and law, participatory approach, decisive intervention
- Policy of integrated vaccination and stamping-out
- Being continued to strengthen HPAI prevention and control mechanism, improve relevant infrastructures, enhance capability and level of prevention and control of the disease.

Purpose of economic analysis

- Decision making supporting
- Farm, region, country

Economic Analysis Methods on Animal Disease Prevention and Control

- Cost Effectiveness Analysis
- Cost Benefit Analysis (CBA)
- Market Value Train Analysis
- Decision Tree Method

Stakeholders of different level

Level	Stakeholders	Affect	
Micro level	Farm, mill, trader	Enterprise benefit	
Medium level	Region (province, county); Husbandry, Agricultural product processing industry, Travel industry	Regional economy; Sector economy	
Macro level	Country; Zone	National economy; International economy	

Cost Benefit Analysis

- **Solution** Cost
- **Senefit**
- » Net Benefit
- Discount
- » Net Present Value (NPV)
- **⋄** Internal Revenue Rate (IRR)
- **Benefit Cost Ratio (BCR)**

Net Benefit

$$L_{without} - L_{with} = B$$

$$L_{without} - L_{with} - C_{control} = NB$$

Where

 $L_{without}$: Losses due to disease without control project

 L_{with} : Losses due to disease with control project

 $C_{control}$: Cost of the disease control project

B: Benefit

NB: Net Benefit

Criteria for Project acceptability

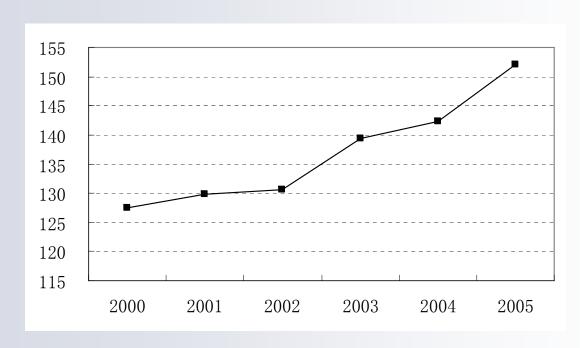

№ B/C>1

Benefit Cost Ratio (BCR) of Animal Disease Control

Animal Disease		Time	Country/Region	BCR
	FMD	1972	Tanzania	1.82:1~1.96:1
	Rinderpest	Different time	Ethiopia, Kenya etc.	1.35:1~2.55:1
Bovine Brucellosis		1975-1976	United States	5~8:1
Bov	ine Trypanosomiasis	1998	Kenya	34:1
	Swine Fever	2004	Holland	5~9:1

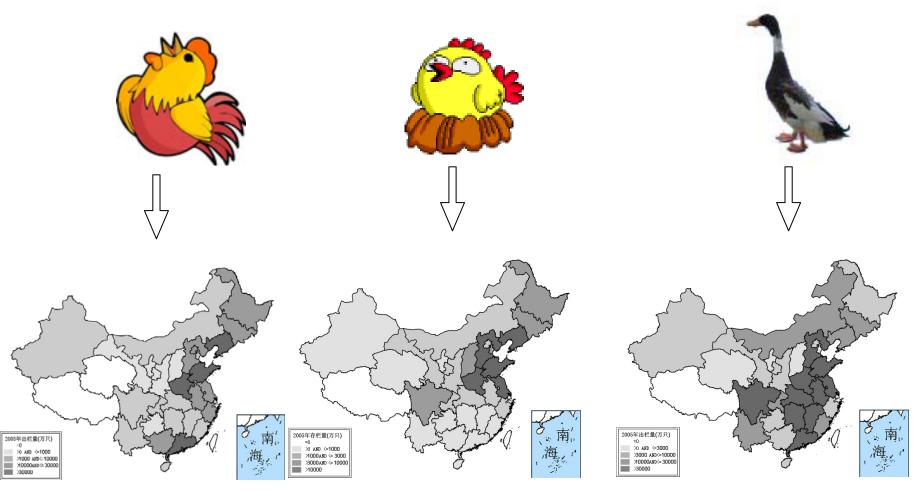

Poultry Production and Health Situation Investigation in China 2007

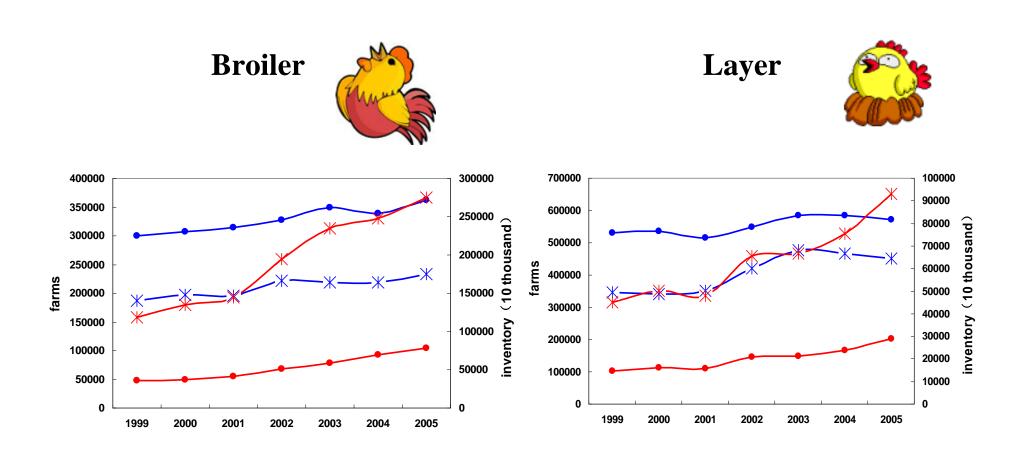

The poultry industry has a distinct regional distribution

The scale of the poultry industry

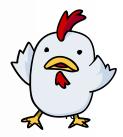

Survey on Health Situation of Poultry Flocks

Classification of Poultry Raising Modes and Health Situation

28 indexes covering 4 parts

- environment
- management
- vaccination
- testing
