## 天津口岸首票全国海关通关一体化报关单通关

2017-07-03 09:56 来源：天津日报

从天津海关获悉：7月1日10:15，维斯塔斯风力技术（中国）在完成税款缴纳后，于10:37正常放行，前后仅用时22分钟，成本与此同时，泰信电机（天津）有限公司申报的一票空运进口免税。

据了解，作为全国率先开展区域通关一体化的海关，天津海关区域通关一体化，为全国海关通关一体化改革积累了大量可复制可推广、东北地区等区域通关一体化逐步铺开。全国海关通关一体化。

据介绍，7月1日海关总署推进全国海关通关一体化改革，税单、查验、征税、放行“串联式”通关流程，变为采取“一次申报、自报自缴后，在口岸处置安全准入风险，完成对货物的安全准入管理。尽量压缩货物在口岸的滞留时间，降低企业通关成本。

## 通关一体化首月 哈尔滨海关受理报关单量“破万”

2017-08-02 14:58:56 来源：新华社

新华社哈尔滨8月2日电（记者 辛林鑫）记者从哈尔滨海关了解到，到7月31日，哈尔滨海关共受理全国海关通关一体化进口报关单13521票，货值48.34亿元人民币，实现了改革首月，通关服务质量和海关监管效能同步提升。

全国海关通关一体化使全国海关通关如一关，作为黑龙江省的进出口监督管理机关，哈尔滨海关在全省范围内同步启动通关一体化改革。在此次改革前，企业通关有一定限制，货物通关往往需要数天时间。改革启动后，企业可在全国任意一个海关完成申报、缴税等海关手续，消除了申报的关区限制，使申报更自由、手续更简便、通关更顺。

## 全国通关一体化改革满月 渝企进口通关时间缩短近半

城市新闻 | 腾讯大渝网[微博] 2017-08-02 14:33 | 我要分享

来自重庆海关消息：今年7月1日起，重庆海关全面切换了全国通关一体化模式，截至7月31日，重庆关区进口通关时效达到了8.57小时，缩短7.53小时，同比减少约46.7%，重庆口岸贸易便利化程度进一步提升。

据介绍，全国海关通关一体化最大的亮点是设立了全国海关风险防控中心和税收征管中心，全国海关的风险防控、税收征管等关键步骤实现了集中、统一的智能处置。同时，通过实施“一次申报、分步处置”，改革税收征管方式，优化协同监管和执法统一性，在提升通关效率的同时，也极大提高了广大进出口企业的体验度。

“通过通关环节的瘦身和税收征管方式的改变，企业可以感受到更为快捷的通关体验，同时，也极大节省了企业和海关的人力资源，有利于节约通关成本。”重庆海关审单处副处长牛贤丹介绍道。据统计，全国通关一体化改革首月，重庆关区共申报进口报关单36684份，全部纳入全国通关一体化，总计货值342.61亿元人民币。

## 国际贸易“单一窗口”国家标准版汕头关区试点启动

时间: 2017年07月31日 来源: 汕头日报 作者: 杨锦东

28日上午，我市某报关公司成功通过“单一窗口”国家标准版发送首份出口报关单，该单从申报到放行用时仅12秒，标志着国际贸易“单一窗口”国家标准版在汕头关区的试点工作顺利启动。

海关介绍，广东省作为国际贸易“单一窗口”国家标准版的首批试点地区已于今年5月底在湛江口岸启动试点运行，7月底将试点扩大到珠海、汕

### 广西国际贸易“单一窗口”二期上线运行

2017年04月04日 09:22:44 来源: 广西日报

原标题: 广西国际贸易“单一窗口”二期上线运行

#### 重点建设进出口货物一次申报系统和车辆进出境联检系统

3月23日，记者从自治区政府召开的广西国际贸易“单一窗口”二期建设情况新闻发布会上获悉，经过1年多的开发建设，以广西陆路口岸“单一窗口”建设为重点的“单一窗口”二期项目完成了系统开发、部署、调试以及数据评估测试等工作，已具备上线条件，并已指定试点企业在东兴和友谊关口岸上线运行，实现了对一期项目的提升和突破。

按不同口岸类型及业务需求，采取先易后难、分步推进的思路，广西“单一窗口”规划2015-2017年分三期建设，到2020年年底，实现“单一窗口”功能由口岸通关执法环节向前置和后续环节拓展和延伸，建成为口岸综合执法和服务的公共信息服务平台。

广西“单一窗口”一期于2015年年底在海港口岸上线运行，使广西成为西部地区首个启动并成功上线运行“单一窗口”的省区。经过1年的推广应用，目前海港口岸“单一窗口”船舶申报使用率已达80%以上，位于全国前列。

# III. Achievements of TIR

---

- China has formally ratified the United Nations Convention on International Transport of Goods Under Cover of TIR Carnets (TIR Convention) and become the 70<sup>th</sup> Party to the United Nations TIR Convention. The TIR Convention entered into force in China on January 5, 2017. 42 countries along the "Belt and Road" have joined the TIR Convention.

- 
- According to the TIR Convention, for the international road transport of goods, through the process from the customs of country of origin to the customs of the destination country, customs of all transit countries do not carry out any inspection of the goods, and there is no need to pay a huge amount of transit security, no delay of time. It is undoubtedly an ideal state for the logistics of cross-border e-commerce businesses.
-

# IV. Achievements of Free Trade Area

---

- China's Free Trade Area (FTA) is the most important move of the government to build an upgrade version of China's economy. The core is to create an international business environment in line with international practices and with competitiveness to both domestic and foreign investment.

China has 18 FTAs under construction, involving 31 countries and regions. There are 6 FTAs under negotiations, involving 22 countries.

中国自贸区分布图

- 
- China's FTAs test areas only make up one thousandth of the country's total land area, but account for 1/10 of its total foreign investment. The more than 100 pilot experiences achieved so far have been copied through the country .

# V. Achievements of Customs International Cooperation

- In recent years, China's Customs Administration has endeavored to implement the overall requirements of "keeping well the gate for the country, providing good services preventing risks, building good teams", strengthen cross-jurisdiction, cross-sectoral and cross-border cooperation, and strive to promote "information exchange, mutual recognition of supervision and law enforcement mutual assistance

- 
- For example: the operation of China-Europe block trains has effectively promoted the economic development of countries and regions along the “Silk Road Economic Belt”. China’s Customs Administration proposed the cooperation initiative of “Customers and Railway Clearance” to the Customs along the belt in order to coordinate the use of intelligent key on the trains, achieve the exchange of information and mutual recognition of regulation, improve the speed of train clearance and guarantee the fast and efficient operation of this major international trade channel on the “Silk Road Economic Belt”, which has received wide responses.
-

# VI. Achievements of Multimodal transport

---

- Multimodal transport is an effective way for the efficiency of the logistics industry, and China is particularly concerned about the cost reduction of the logistics industry this year. Multimodal transport will for sure become top priority of the logistics industry. The demand environment for multimodal transport is also getting better.

- 
- The demand for multimodal transport in China is mainly from the three economically developed regions: the Yangtze River Delta, the Pearl River Delta and the Bohai Rim region, and most of the goods are foreign trade goods.

# VII. Achievements of Standardization

---

- China has fully deepened the bilateral and multilateral cooperation and interconnection with countries along the Belt and Road in terms of standardization, and signed standardization cooperation agreements with 21 countries along the Belt and Road. China and the UK mutually recognize 62 standards. It has promoted the mutual recognition of 11 standards with France. It has also established bilateral and multilateral standardization cooperation channels with the EU, ASEAN, Central Asia, China-Mongolia-Russia Economic Corridor and the Gulf region.
