

# CAREC

# Results Framework

# CAREC Results Framework

# Possible Outcome Indicators

- Incidence of Poverty
- GDP per capita

# Possible Indicators of Performance

- Volume of Non-Energy Trade
- Kms of CAREC road corridors built or upgraded
- Kms of CAREC railway corridors built or upgraded
- Reduction in travel time and cost achieved on CAREC corridors
- Regional transmission lines installed or repaired
- Volume of Energy Trade
- TPSAP actions completed

# Possible Input Indicators

- Funding approved for CAREC projects
- Share of funding from private sources
- Related technical assistance projects approved

# Timetable

- **May 2009:** Endorsement by SOM that a Pilot CAREC Results Framework should be developed by Secretariat
- **June-July 2009:** Draft of Pilot CAREC Results Framework Prepared in Consultation with Countries and MIs
- **August 2009:** Clearance by countries and MIs of the design of Pilot CAREC Results Framework
- **October 2009:** Endorsement of the Pilot Results Framework by the 8th Ministerial Conference
- **Nov 2009—Feb 2010:** Implementation
- **March 2010:** Pilot Results Framework submitted to Ministers and available on CAREC Website
- **Rest of 2010:** Fine-tuning of the Results Framework, based on the experience from the initial period

# Principles for Identifying Indicators

- Practical
- Substantial (linked to CAREC activities and goals)
- Important to Policy Makers
- Readily Available Data

# SOM Action

- **May 2009:** Endorsement by SOM that a Pilot CAREC Results Framework should be developed by Secretariat
