## May 21, 2016

**“The Rules of using `Green Corridor` and other gating systems for the transportation of goods and vehicles across the customs border”**

Nowadays, simplified custom procedures are one of the most important trade facilitation measures in the customs modernization process. In order to use simplified rules for goods conveyed across the customs border four corridor – “Green corridor”, “Blue corridor”, “Yellow corridor” and “Red corridor” release systems are applied at crossing points.
