

Tenth Customs Cooperation Committee Meeting

19-21 September 2011, Baku, Azerbaijan

COUNTRY REPORT: MONGOLIA

TIME RELEASE STUDY

Guidelines for Time release study:

- Developed a draft guideline for time release study based on WCO handbooks and guidelines.
- Software will be used for TRS.
- Training organized by WCO/AP ROCB

Business partnership:

- Customs is working together with the Mongolian National Chamber of Commerce for on assessing actual time consumed for import and export and identify causes of bottlenecks and problems.

Preliminary study:

- According preliminary study, it takes 30-120 minutes for import clearance while it takes 35-93 minutes for export.
- Results and findings of the preliminary study will be reflected in the TRS Guidelines.

Causes of delay:

- Many requirements for cross border trade
- Lack of cooperation between Government agencies
- Long time spent to get permit and licenses
- Inefficiency of transport system and customs broker
- Lack of human and technical resources

Actual Time Release study will conducted
after the Guidelines is completed in
association with National Chamber of
Commerce and Industry.
