

State Customs Service under the Government of the Kyrgyz Republic

Time Release Study Planning Workshop, CAREC March 29-30, 2011.

Tashkent
March 29-30, 2011

SIX CENTRAL ASIA REGIONAL ECONOMIC COOPERATION CORRIDORS

State Customs Service under the Government of the Kyrgyz Republic

- Procedure of movement of goods and vehicles through the state border of the Kyrgyz Republic
- General principles of movement of goods through the state border of the Kyrgyz Republic are set forth in the Customs Code of the Kyrgyz Republic and other normative acts in this area
- Legislation on state regulation of foreign trade activity complies with norms and principles of the World Trade Organization in which the Kyrgyz Republic is a member

State Customs Service under the Government of the Kyrgyz Republic

- With the purpose to improve customs procedures in the Kyrgyz Republic, the Strategy for Customs Service Development for 2011-2013 has been developed
- The strategy envisages a comprehensive approach to simplification and optimization of procedures for state regulation of foreign trade processes
- Within implementation of the strategy, it is planned to improve infrastructure of border crossing points at the main trade arterial roads

State Customs Service under the Government of the Kyrgyz Republic

- **The strategy consists of 10 parts:**
 - Customs Procedures
 - Infrastructure
 - Structure
 - Tariffs
 - HR policy
 - Information provision and support
 - Inter-departmental interrelation
 - Interaction with community and business
 - International customs cooperation
 - Social and cultural activities

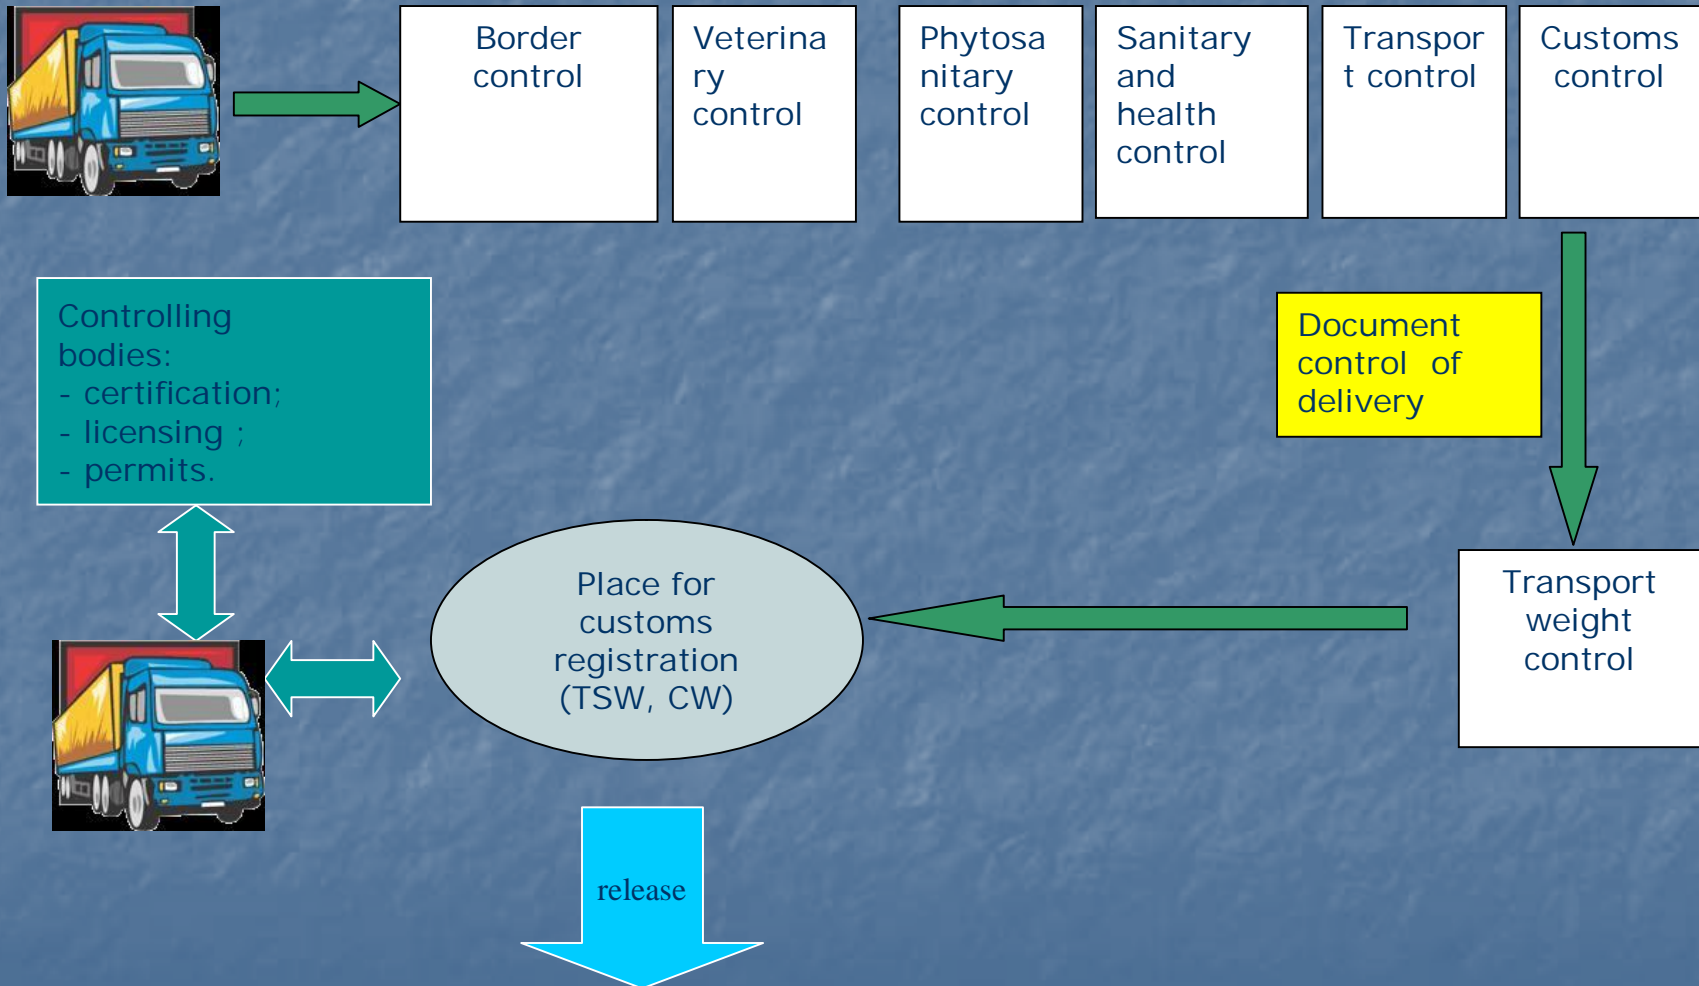

State Customs Service under the Government of the Kyrgyz Republic

- Within implementation of the Strategy, the Customs Service submitted the initiative to the Government of the Kyrgyz Republic, to appoint it (the Customs Service) as a national focal point for projects on construction and reconstruction or BCPs at the border and implementation of the Single Windows principle in foreign trade
- A number of draft laws stipulating delegation of authority on primary document control and registration of goods at the border crossing customs service, by the state control bodies, have been developed and are submitted for approval
- The priority border check points have been identified for construction and reconstruction with consideration of the sales volume

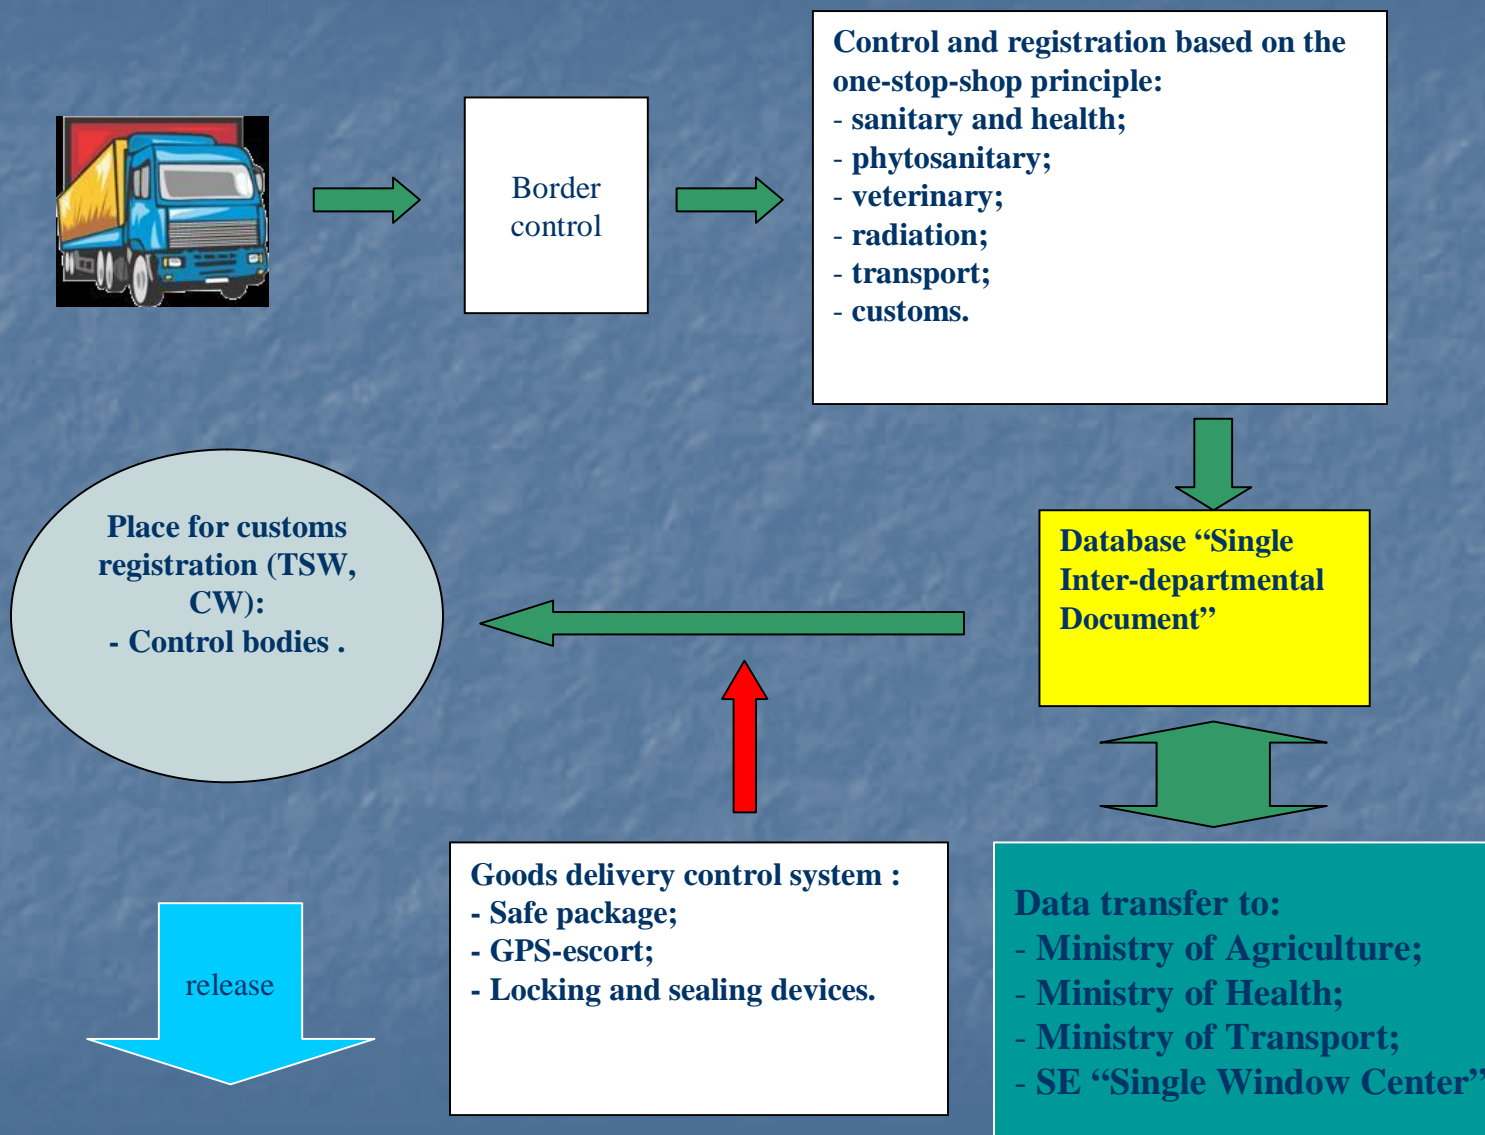

State Customs Service under the Government of the Kyrgyz Republic

- The Software for automated customs registration system is being developed (launch is scheduled for May 2012)
- Development of the Single Window system in foreign trade has started
- It is planned to implement the inter-departmental information exchange between the customs service and controlling bodies

Current procedures for crossing the border check points

Proposed scheme for crossing the check point

Thanks for Attention
