

2ND ROAD SAFETY WORKSHOP

16-18 August 2016 • Kuala Lumpur, Malaysia

2-й Семинар по безопасности дорожного движения

16-18 августа 2016 года • Куала-Лумпур, Малайзия

«Role of road users in promoting road safety»

*“Road safety” Public Association
Director Chinara Kasmambetova
Kyrgyzstan*

The situation with road safety in the KR

For the last 3 years there were registered 21 677 car accidents

- 2013 – 7492
- 2014 – 7119
- 2015 – 7066

Annually there registered more than 7 thousand car accidents, more than 10,000 are injured and more than 1 thousand people die¹.

According to the WHO data – Kyrgyzstan on the 3rd place in European region on the death rate per 100 000 населения (28 people)².

¹ Official data from the MPPD MIA of KR

² Data of WHO Report for 2015

Main problems

- Absence of the strategy
- There is a governmental commission, but with no financial support of secretariat/permanent change of the Commission Head/Lack of finance. Not enough of governmental control/campaign
- **Infrastructure**
- **Violations of RS rules**
- Corruption on the roads
- **Law awareness of population**
- **Law driving culture/mentality**
- Weak driver's preparedness/Problems with issuance of driving licenses
- Correct work of law enforcement authorities. Compliance with Laws
- Absence of campaigns and propaganda
- Lack or absence of research

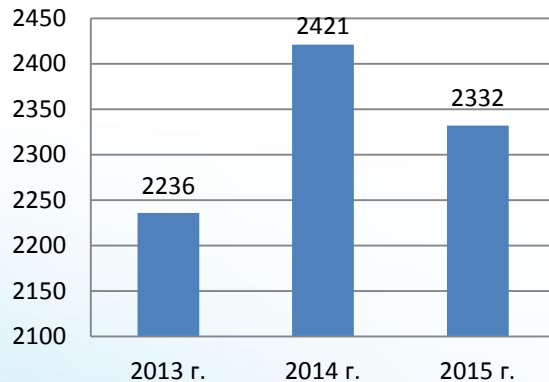

The main violations of RS rules for the last 3 years: 2013-2015 . (official statistics of MIA)

- **1- speeding:**
- 2013- 2236
- 2014 – 2421
- 2015 – 2332
- **2 - incorrect maneuver**
- 2013 – 1430
- 2014 – 1318
- 2015 – 1448
- **3 - leaving the opposite lane, overtaking**
- 2013 – 689
- 2014 – 693
- 2015 - 700

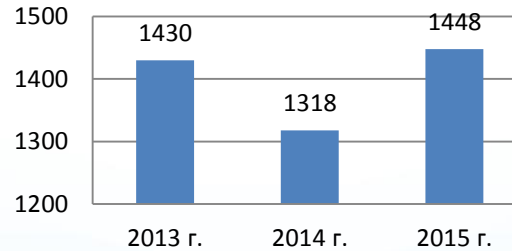

The main violations of RS rules for the last 3 years: 2013-2015 .

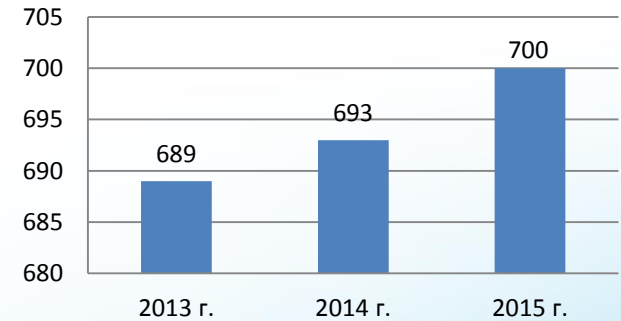

1 - speeding

2 - incorrect maneuver

3 - leaving the opposite lane, overtaking

Poll on speeding (100 respondents took part)

Do you know the speed limit within the city?	
от 40 km/h до 60 km/h	18%
No, don't know	7%
30 km/h	1%
40 km/h	20%
50 km/h	3%
60 km/h	38%
70 km/h	1%
80 km/h	2%
100 km/h	6%
110 km/h	3%
120 km/h	1%
Total	100%

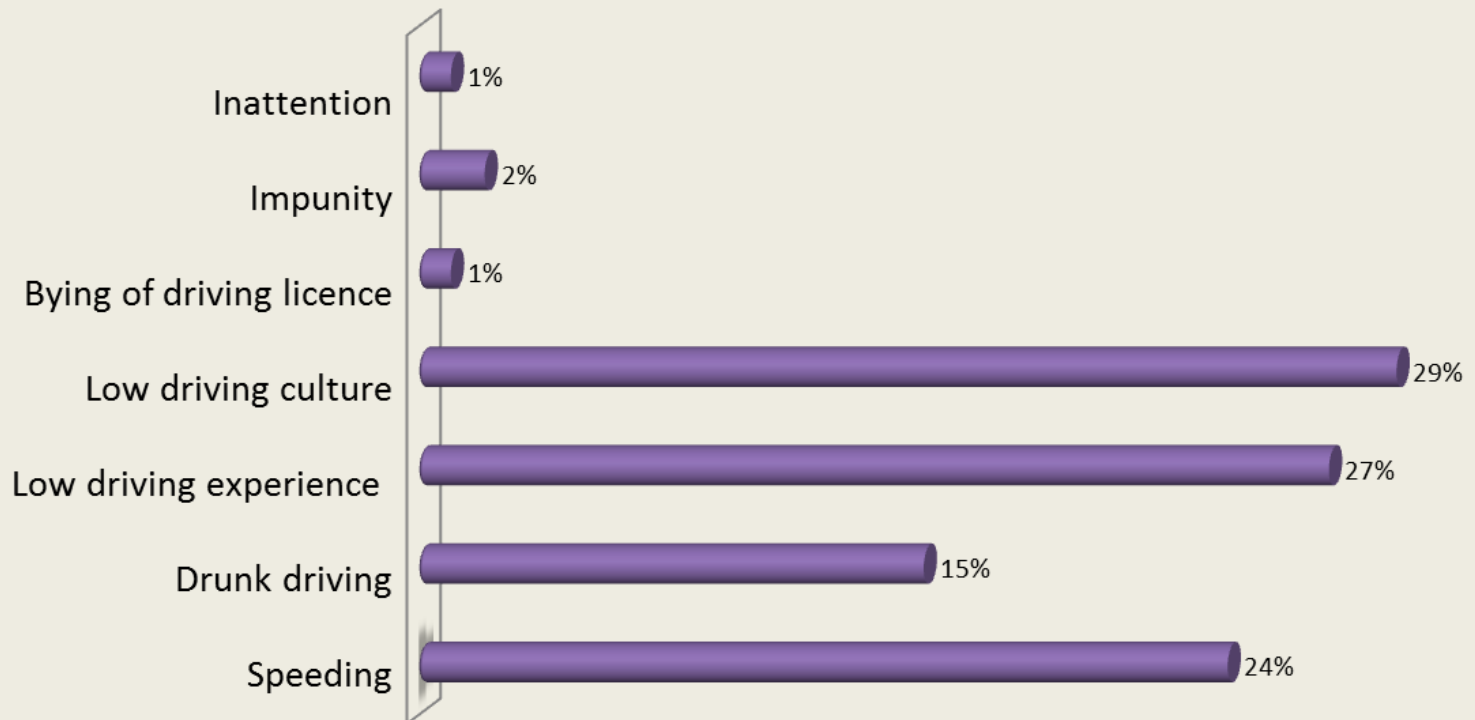

Poll

Are you always able to follow the speed limit rules in populated areas?

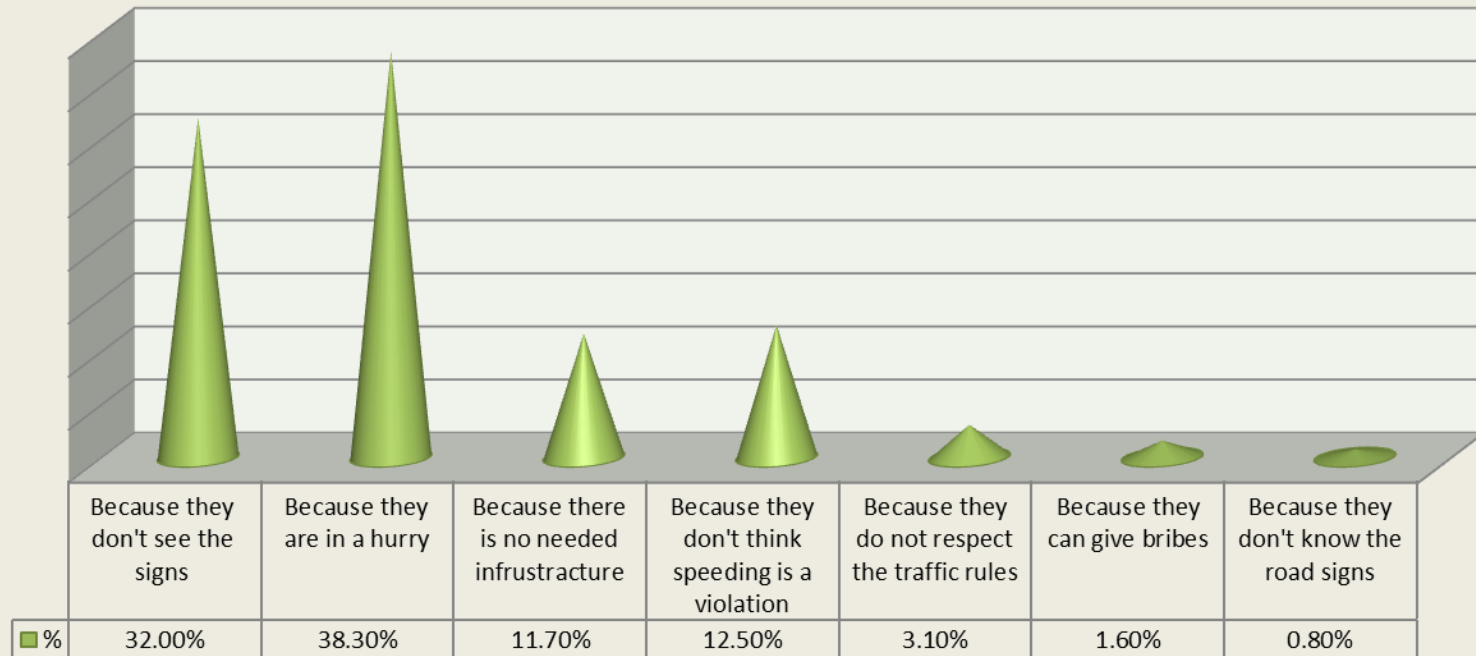

Poll

The reasons of car accidents in Bishkek

Poll

What do you think why do drivers exceed the speed limit?

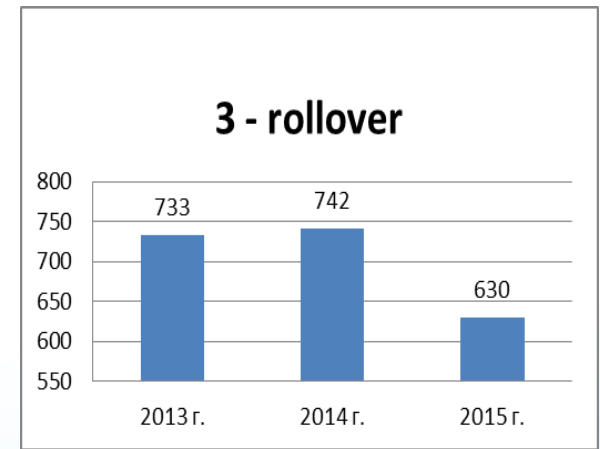

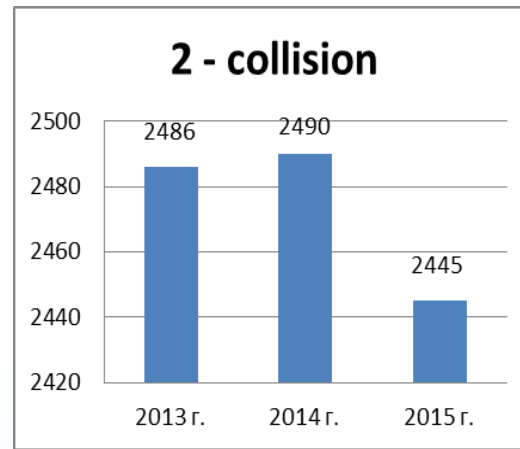

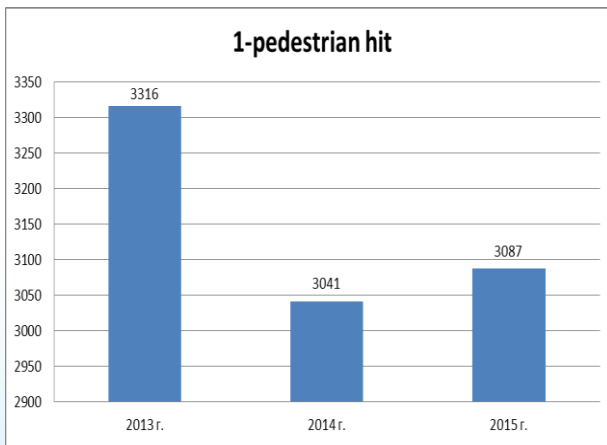

Car accidents by types of violations (2013 -2015)

- **1 – hit of pedestrian**
 - 2013 – 3316
 - 2014 - 3041
 - 2015 - 3087
- **2 - collision**
 - 2013 г. – 2486
 - 2014 г. - 2490
 - 2015 г. – 2445
- **3 - rollover**
 - 2013 – 733
 - 2014 - 742
 - 2015 - 630

Car accidents by types of violations (2013 -2015 гг.)

TRACEKA-II/GRSP/Red Cross and Red Crescent Societies/EASST “Safe to school – safe to home”/August-November 2015 Discussions in working groups

Poll among schoolchildren

School no 31 г. - 200
students took part at the poll

- 44% students – drivers are always stop on pedestrian crossings
- **41.5% - drivers sometimes give them a way on pedestrian crossings**
- 60% - parents drive them to school,
- 41,5% - take mini buses
- 50% - use seat belts always
- 20.5% - use seat belts sometimes
- 6% - never
- Majority - 37% - use Chuy-Parlov crossroad

Infrastructure

- Chuy Av – in 1 hour 2085 cars, Pavlov St - 978 cars, pedestrians – 2033.
- All the signs on place, the problem – people’s behavior
- Engineer consultation – to move the bus stop to 25 m further, it wasn’t allowed by the Mayor Hall
- Bishkek architecture department: it is on their yearly plan work

ns

- Competition took place among junior class students on RS rules and their knowledge
- Presentations took place on RS rules
- Flyers were developed and distributed among students on safe trip to school

Kids safety on the roads

- * For the last 3 years 350 kids die in KR, about 5000 were injured in car accidents
- * 2013 - 142 kids
- * 2014 – 112
- * 2015 – 96
- * Annually there registered about 1,4-1,5 thousand car accidents with kids participation, the number of injured kids are more 1,6 thousand*.

- Official statistics of MIA

Education. «Improving the knowledge and behavior of kids on RS in schools». USAID Project, February - June 2016

- * First time Methodological complex on RS for kids 2-5 classed were developed
- * First time mobile auto-cities were produced locally and presented to 5 pilot schools of Bishkek
- * Innovative method of training introduced in the schools
- * 20 trainings for 500 students of 2-5 classes, young inspectors and 100 parents associations members took place

Received high appreciation by the MP, Mayor's Hall Education Department

Road infrastructure

- About 500 car accidents take place annually because of bad road infrastructure, about 80 people die, more than 700
- The main reasons: lack of street light, pedestrian fences and sidewalks, road signs and bad road condition.

* On the basis of report of MIA Minister in March 2016 on parliamentary hearings

Signs – new standards

2016
