CAREC

EIF PROGRAM AT A GLANCE

The EIF will highlight investment opportunities in the CAREC countries by bringing together key government officials, project developers/sponsors, project financiers, equipment manufacturers, and EPC contractors

Session 1 — **CAREC Governments' Investment Promotion Thrusts:** Senior energy government officials will highlight incentives their governments have put in place to attract investments in general, and in the energy sector.

Session 2 — **Investing in CAREC Countries:** Private entities will share their experiences on successful investments in the CAREC countries.

Session 3 — **Financing Energy Projects:** A panel discussion highlighting what project financiers seek in financing projects in the region.
CAREC
