

# 21st Transport Sector Coordinating Committee Meeting

22–23 April 2024 • Almaty, Kazakhstan

## 21-е заседание Координационного комитета по транспортному сектору

22–23 апреля 2024 года • Алматы, Казахстан

**21st Transport Sector Coordinating  
Committee Meeting**

22–23 April 2024 • Almaty, Kazakhstan

**21-е заседание Координационного комитета  
по транспортному сектору**

22–23 апреля 2024 года • Алматы, Казахстан

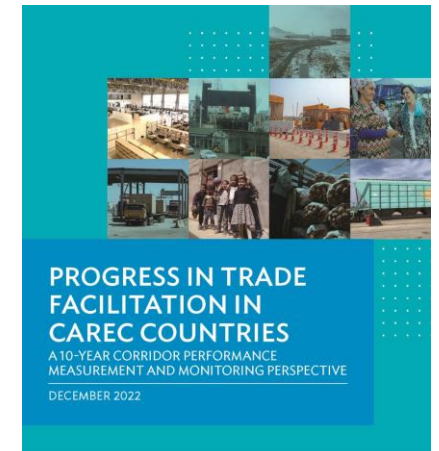

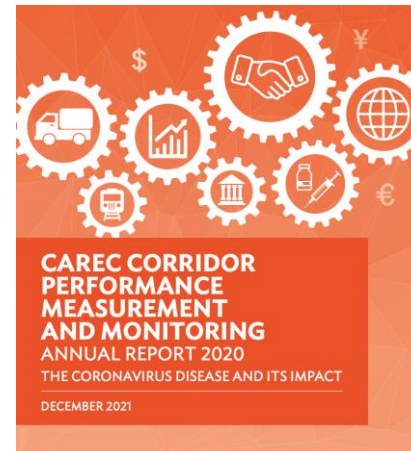

# CAREC Transport Observatory

**Thomas Herz and Michael Anyala**  
Transport Sector Office  
ADB

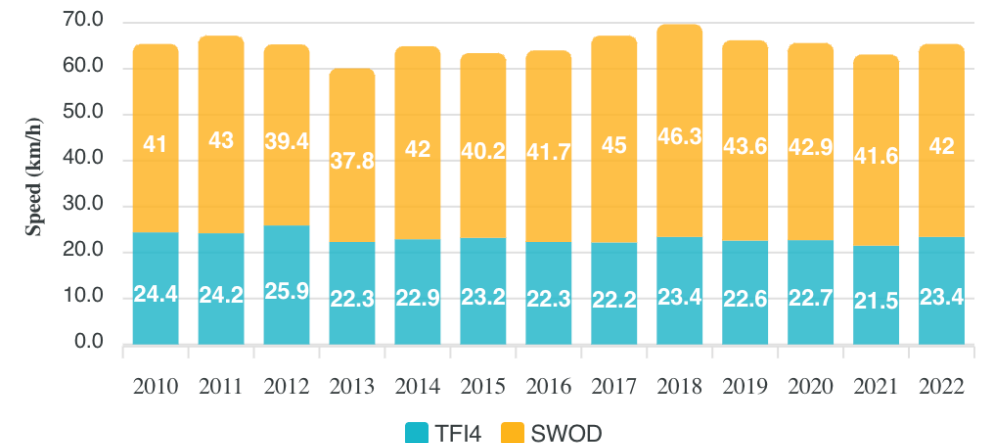

# CONTEXT FOR CARECT TRANSPORT OBSERVATORY

- **CAREC Transport Strategy 2030 (CTS):** Emphasizes the critical need for precise, actionable data to enhance transport strategy outcomes.
- **Indicator Development:** CTS advocates for creating a comprehensive set of indicators and analytical reports, tailored for individual countries and specific corridors.
- **Corridor Performance Measurement Monitoring Data (CPMM) Utilization:** Encourages using data from the CPMM to generate analytical reports that aid CAREC DMCs in upgrading infrastructure and procedures along CAREC corridors.
- **Emerging Challenges:** Highlights the importance of quality data and insights to shape policies and investments that align with the Paris Agreement, SDGs, and other sustainability commitments.
- **Digital Technology:** Identifies an opportunity to employ digital technologies for more efficient, cost-effective data collection, analytics, and insights.

Speed to travel on CAREC corridors (TFI4 and SWOD, in km/h)

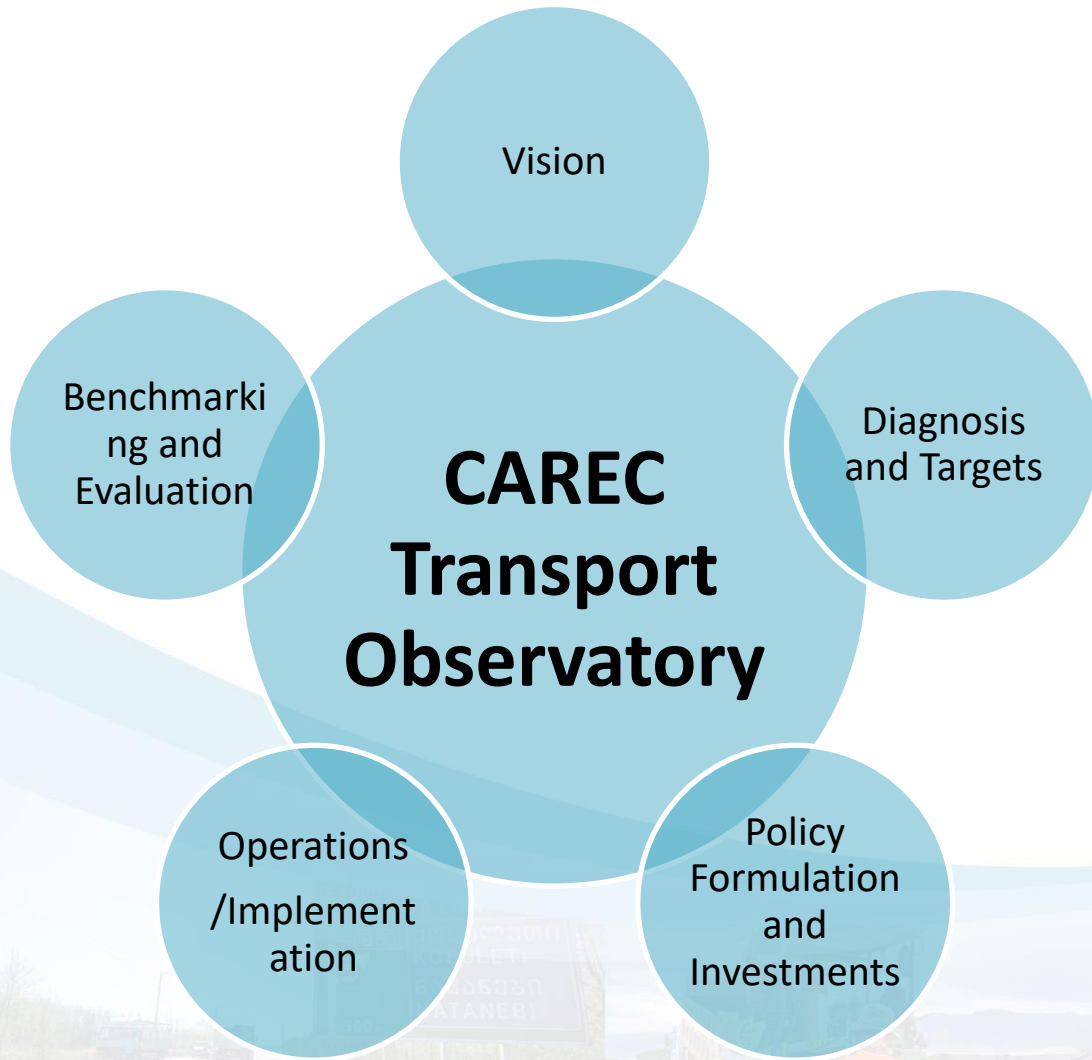

# FRAMEWORK FOR CAREC TRANSPORT OBSERVATORY (CTO)

CTO = CAREC Transport Observatory

# OBJECTIVES OF CAREC TRANSPORT OBSERVATORY

- **Complement Corridor Performance Measurement Monitoring Tool:** Enhance the existing CPMM tool's capabilities.
- **Identify Inefficiencies:** Determine the root causes of inefficiencies and external costs.
- **Policy Impact Monitoring:** Track the effectiveness of policies and investments.
- **Transparency:** Generate and share information to promote transparency.
- **Inter-Institutional Cooperation:** Encourage collaboration between institutions and public-private partnerships.
- **Expert Knowledge:** Accumulate and refine specialized knowledge in the transport sector.
- **Indicator Development:** Create, standardize, and refine performance indicators.
- **Awareness and Capacity:** Boost awareness and improve capacity building.
- **Sustainability Benchmarking:** Compare sustainability performance across CAREC countries.
- **National Observatories:** Aid in establishing national transport observatories.
- **Regional Observatories:** Strengthen ties with the Asian Transport Outlook Initiative and the Asia Pacific Road Safety Observatory.

# NEXT STEPS

- **Consultation Paper:** Draft a comprehensive consultation paper to conceptualize the CAREC Transport Observatory, detailing proposals for its structure, governance, and secretariat by **Q3, 2024**.
- **Stakeholder Consultation:** Engage in consultations with DMCs and development partners to refine the observatory's framework in **Q4, 2024**.
- **Progress Updates:** Provide regular updates on the development progress including during the **22nd TSCC** meeting.
