The Union of International Road Carriers of the Republic of Kazakhstan (KAZATO) established 1994 has been an active member of the Interactional Road Transport Union (IRU) since 1995, a collective member of International Transport Academy since 2002, an associate member of Coordination Transport Meeting of Ministers of Transport of CIS countries.

Today the KAZATO joins more then 250 transport companies situated in all region of the Kazakhstan. The number of the vehicles engaged in International transport is about 6000 vehicles. Since 1996 the KAZATO has been accepted to the TIR System (**CUSTOMS CONVENTION ON THE INTERNATIONAL TRANSPORT OF GOODS UNDER COVER OF TIR CARNET**) as a issuing and guaranteeing association.

The KAZATO carries out a large work to protect national operators' interests, to remove the physical and non- physical barriers on the path to international transport. It assumes the measures to increase volume of international road transport, to provide carriers with transport, customs, and insurance documents in good time.

Training Center established near the KAZATO in 1998 carries out the training of managers and drivers of the transport companies – members of the KAZATO.

A Training-Certification Centre (USC) was formed in 2006. It renders services to national carriers on certification of the vehicles, as well as to check and repair of tachographs.

A research-and-production magazine «International Road Transport of the Kazakhstan” was established in the beginning of 2005. It covers the current importance issues of development and update of International Road Transport.
