Perishable Foods and on the Special  
Equipment to be used for such Carriage  
(ATP)

# **TRACECA Project on ATP in Central Asia Region, and Establishment of Isothermal Laboratories**

To ensure the implementation and practical application of ATP in the Central Asian countries, in 2007-2010, a TRACECA Project funded by the European Union "*Development of Equipment Certification Centres for the Transportation of Perishable Goods in Kazakhstan, Kyrgyz Republic, Tajikistan, Uzbekistan and Turkmenistan in the frame of ATP Agreement*" was implemented.
