

OVENTURES
INNOVATING
FOR FUTURE

WHO WE ARE

Oventures offers innovation as a service to businesses of all sizes across the globe.

We are currently offering services in Asia Pacific, MENA, Central Asia and South Asia. Simultaneously, we are in the process of expanding to Europe & North America.

Our focus areas remain climate & clean tech, health tech and fintech.

We have helped 15+ corporates and 300+ startups in overcoming their challenges.

OUR SERVICES

CORPORATE INNOVATION

We help corporates overcome critical growth problems through our corporate innovation programs that instigate makes businesses future proof.

STARTUP ECOSYSTEM

We design ecosystem programs that create comprehensive support to help startups grow, scale and fundraise in different verticals and stages.

POLICY ADVOCACY

We design ecosystem programs that create comprehensive support to help startups grow, scale and fundraise in different verticals and stages.

OUR PAST PROJECTS

OVentures has led impactful initiatives nationally and internationally under its mandate of corporate innovation, ecosystem building and policy advocacy.

OUR UPCOMING PROJECTS

We are ready to widen the impact and help Pakistani youth realise its true potential.

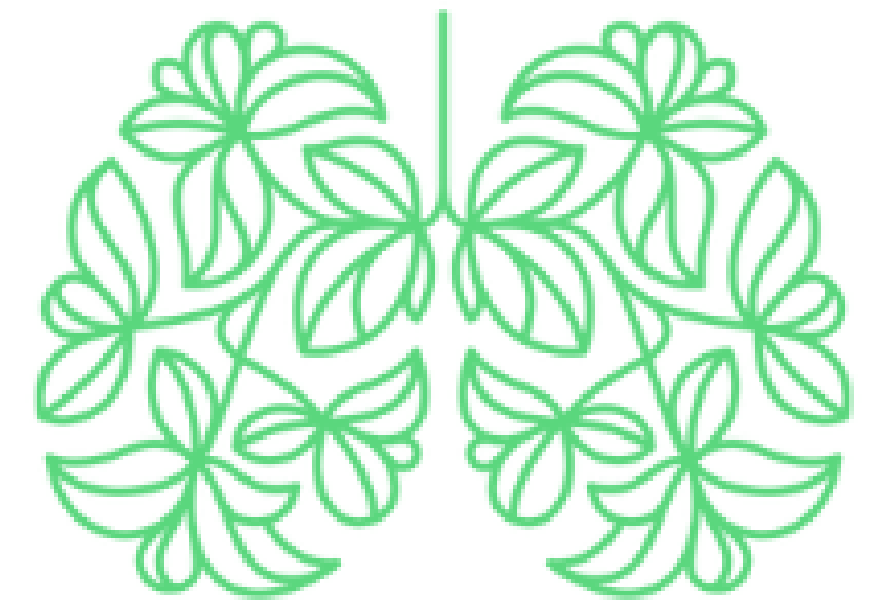

Breathe
Pakistan

Sports Tech Challenge

SMOG SOLUTIONS CHALLENGE

- Smog has become a 5th season for Pakistan
- No solution in sight despite attempts from the federal & provincial governments, nonprofits and private entities
- Stakeholder engagement and sustainable solutions through open innovation

Breathe
Pakistan

SPORTS TECH INNOVATION CHALLENGE

- Olympic gold medal has inspired another generation of sportspersons in Pakistan.
- Unavailability of sports training and management facilities even at the elite levels.
- Goals is to use technology to find cheap solutions and come at par with elite performers
- Provide a healthy avenue for youth, taking them away from extremism, creating new opportunities.
