

Workshop on Highly Pathogenic Avian Influenza (HPAI) Control Technology for CAREC Countries

People's Republic of China (PRC) • 17-28 September 2007

Program

18 September 2007 (Tuesday)

09:00 - 10:30 Opening Ceremony

Chaired by Mr. Qu Sixi, Director General, Center for International Cooperation Service, Ministry of Agriculture (MOA), PRC

Opening Remarks
by Representative from the Department of International Cooperation, MOA

Opening Remarks
by Mr. Toru Shibuichi, ADB Representative in the PRC

Opening Remarks
by Representative from the Bureau of Veterinary Service, MOA

Opening Remarks
by Ms. Victoria Sekitoleko, FAO Representative in the PRC

Opening Remarks
by Mr. Wu Guoqi, Acting Director (OIC), IFI Division III, International Department, Ministry of Finance

10:30 - 10:45 Group Photo

10:45 - 11:00 *Tea Break*

11:00 - 12:30 [An Introduction to Chinese Policy and Strategy on Avian Influenza Prevention and Treatment](#)

by Representative from the Bureau of Veterinary Service

12:30 - 13:30 *Welcome Lunch*

14:00 - 17:00 Visit to a Poultry Farm of Scale in Beijing

20 September 2007 (Thursday)

Afternoon Training on Epidemiological Investigation at China Animal Health and Epidemiology Center (CAHEC)

21 September 2007 (Friday)

- Lecture Highlights:
- HPAI Risk Analysis
 - HPAI Economic Evaluation
 - HPAI Monitoring and Surveillance

- Lectures:
- [AI Vaccine and Immunization](#)
 - [Application of Information Technology in Prevention and Control of HPAI](#)
 - [Emergency Response for HPAI in \[the People's Republic of\] China](#)
 - [Epidemiological Investigation and Surveillance of HPAI](#)
 - [HPAI Diagnosis and Laboratory Biosafety](#)
 - [Introduction to Veterinary Epidemiology and Animal Disease Risk Analysis](#)

22 September 2007 (Saturday)

Visit to Hongdao Base of China Animal Health and Epidemiology Center (CAHEC) and the Vaccine Production Plant

24-26 September 2007 (Monday to Wednesday)

Training offered by researchers from the National Avian Influenza Reference Laboratory, Harbin Veterinary Institute (HVRI) of Chinese Academy of Agricultural Sciences (CAAS)

- Training Highlights:
- HPAI Recognition Technology
 - HPAI Diagnosis Technology
 - R & D of Vaccine

- Lectures:
- [Detection of Avian Influenza](#)
 - [Diagnostic Techniques of HPAI](#)
 - [Evolution of H5N1 Avian Influenza Viruses and the Vaccines Developed in the PRC](#)
