# Best practice

- ❑ The Ministry of Economy and Sustainable Development has expanded economic support programs, such as Enterprise Georgia - women applicants receive *extra points* during the assessment process of the micro grant competition.
- ❑ With the support of UN Women, the Rural Development Agency (RDA) implements a program for women - to integrate economically inactive women into full-fledged members of society in the pilot municipalities, by improving their socio-economic status and stimulating women's involvement in agricultural activities.
