  - 6 Lessons and Recommendations**
- 

# Introduction

- **Single Window (SW)** as an advanced concept and common rule of port administration internationally, has been vigorously advocated by international organizations and actively promoted by governments all over the world.
- More than **70+** economies in the world have implemented the single window

- SW is listed into the work report of the central government of China for three consecutive years.
- February 22, 2017, WTO member countries adopted the Trade Facilitation Agreement (TFA) which involves provisions on the implementation of single window.

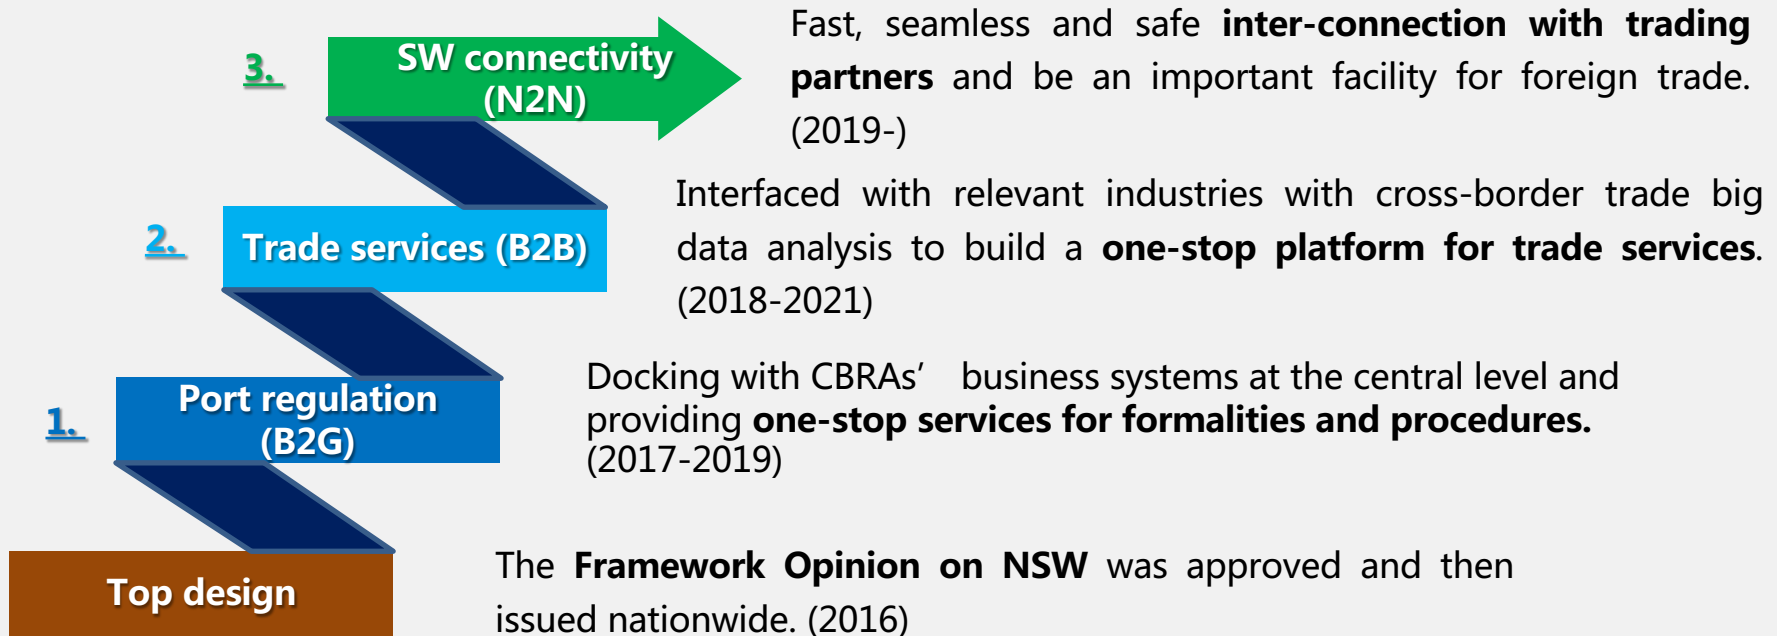

- A series of policy documents issued by the State Council emphasize the construction of SW.
- **Legal basis:** the Regulations on Optimizing the Business Environment

## Development and concept phase

2

# Institutional Arrangements

## The central gov.

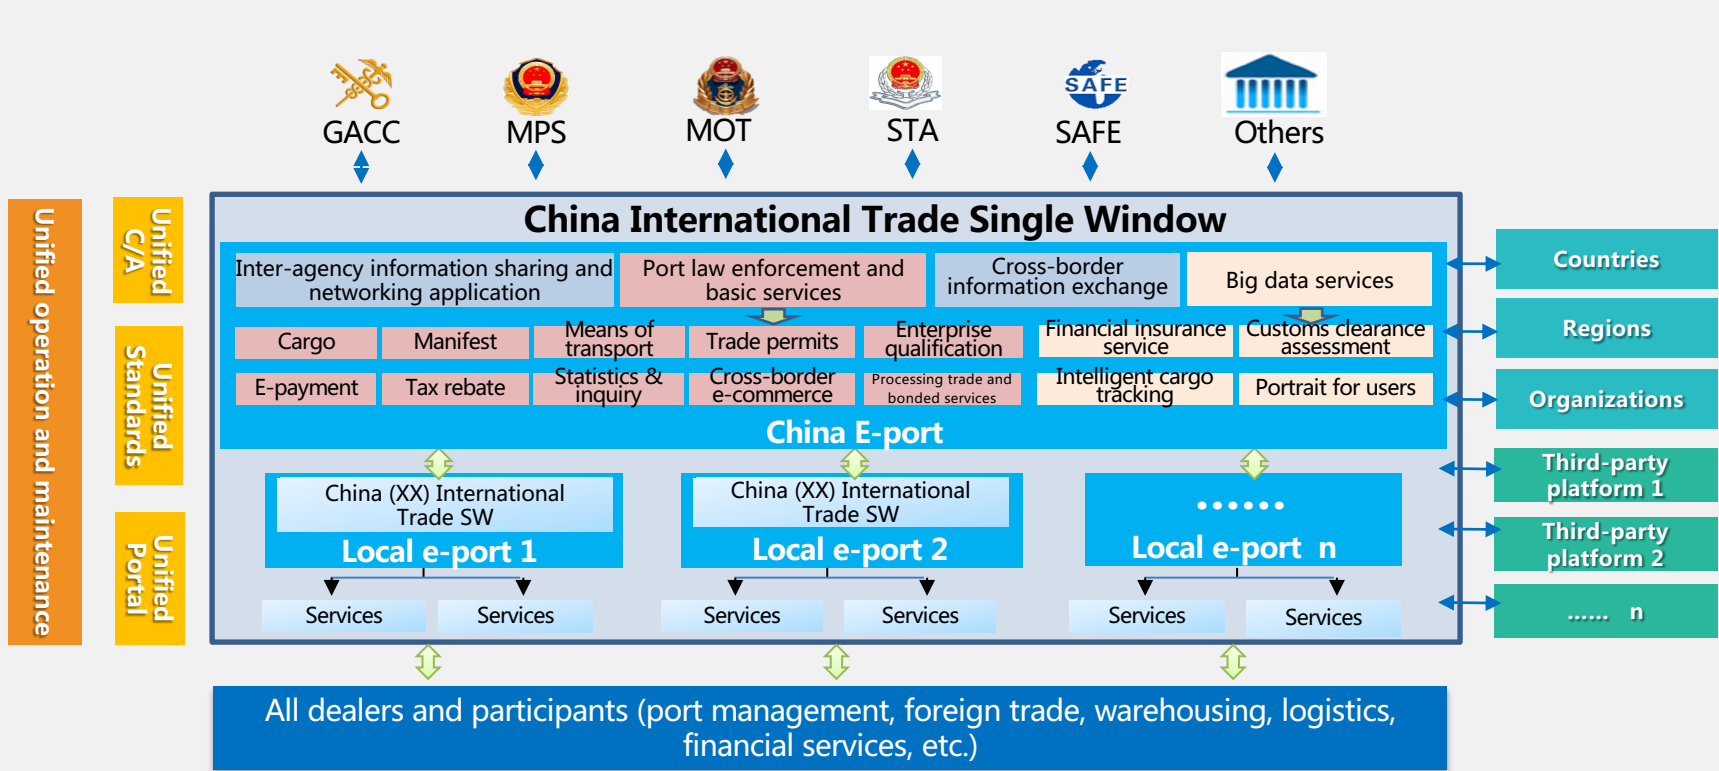

- **The Inter-ministerial Joint Conference on Port Administration (IJCPA)** is responsible for the overall planning of China SW.
- **The National Office of Port Administration (NOPA)** of GACC takes the lead to promote the implementation of SW.
- **The Working Group for the Establishment of National Single Window (NSW Group)** consisting of Cross-Border Regulatory Agencies (CBRAs) acts as the decision-making and steering entity.
- **China E-port Data Center** is the technical implementer of China NSW.

## The local gov.

- **The provincial governments** take the lead to organize the local leading group, being responsible for applying and promoting the NSW, and also actively expanding local special services.

# ICT Infrastructure

# Achievements and Other considerations

## Basic function implementation of single window

### 18 categories of basic service functions

Cargo

Manifest

Means of vehicle

Permits

c/o

Qualifications

Query & statistics

Retax

E-payment

Bonded business

Articles

Cross-border e-commerce

Service trade

Merging customs & ascq

Mobile app

Port monitoring

### 729 service items

### 25 Ministries

Tech

Industry

Security

Transport

Commerce

Central bank

GACC

Tax

Market

Foreign Exchange

Air

**400+ million** registered users; **12+ million** daily transactions; Popularization level of core applications reaching **100%**

## Achievements and Other considerations

6

Reduced **documents**

Better **process**

Higher **efficiency**

Lower **cost**

The World Bank's **Doing Business 2019** shows a jump of **32** places for China's cross-border trade ranking.....and **2020** shows **9** .....

**The Session of WTO's Seventh Trade Policy Review on China** on 13 July 2018.....

The American Chamber of Commerce in Shanghai's **2018 Trade Environment Satisfaction Survey Report** .....

## Lessons Learned and Recommendations for Others

7

**Organization and coordination - key factor**

**Meet users' needs - the vitality**

**Top-level design - important guarantee**

**Collaboration from CBRAs - escorts the implementation**

**Technology application – more conveniences**

**Legislation - the necessary guarantee for the long-run**
