Sanitary and Phytosanitary Measures— under the CAREC 2030 Strategy

Trade, Tourism, &
Economic
Corridors Cluster

Agriculture &
Water Cluster

- implement **WTO SPS agreement**
- align SPS measures with **international standards**
- build capacity to improve **product quality** and diversity and shipment linkages
- support for **transboundary animal disease control**
- develop a CAREC **food safety network** and a common quality control system

Common Agenda for Modernization of Sanitary and Phytosanitary Measures for Trade (CAST)

- concerted effort to **modernize SPS systems** and strengthen cooperation in SPS measures
- integral part of **CAREC Integrated Trade Agenda 2030**
- complement customs-related trade facilitation measures
- amid pandemic, more relevant to ensure safe trade and increase resilience against transboundary pests and diseases

Overall Approach and Framework

Global

- WTO SPS Agreement and international standards*

Regional/ Subregional

- **SPS regional working group**
- CAREC Integrated Trade Agenda (CITA) 2030's Rolling Strategic Action Plan (RSAP)
- sector-specific pilot initiatives or networks

National

- **SPS national working groups**
- national SPS strategy, action plan and priorities

* World Trade Organization (WTO); World Organization for Animal Health (OIE), the International Plant Protection Convention (IPPC) and the Codex Alimentarius Commission

ePhyto Solution*

<https://www.ephytoexchange.org/landing/>

Expanding CAREC Agri-Trade through the Use of Electronic Certificates

Forthcoming, Policy Brief

FINDINGS

- e-certificate can promote **safer** and **efficient** agri-trade; opportunity for **digitalization** including IPPC's **e-Phyto solutions***
- CAREC well-placed to adopt e-Phyto—
 - enabling legislation and steps for phytosanitary certification
 - acceptance of electronic data
 - some begin to use e-SPS certificates (UZB)
 - uneven IT systems' alignment with ePhyto

RECOMMENDATIONS

- business process analysis when migrating to ePhyto
- ePhyto's web-based GeNS is an option
- interoperability with eCustoms or national single window
- raise stakeholder awareness and private sector participation
