The trusted trader program: “Green Corridor” gating system

Decree of the President on approval of “Regulation for foreign trade participants to obtain the rights of permanent use of “Green Corridor” Gating System, termination, cancellation and restoration of that right”

Approved by the Decree of the President of the Republic of Azerbaijan from December 21, 2018

General benefits for «Green Corridor» users

- 1. Faster movement of goods and vehicles through Customs Border Crossing Points;**
- 2. Priority use of Customs services at Customs Border Crossing Points, trade facilitation centers and other places determined for the implementation of Customs clearance;**
- 3. Minimum physical Customs examination by applying a Customs audit;**
- 4. Priority use of the services related to Customs examination of goods;**
- 5. Implementation of Customs clearance of goods and vehicles brought to and taken from the Customs territory in places other than Customs offices and during non-working hours by Customs officials, based on the consent of the Customs Authorities;**
- 6. Participation in organized training on new developments, best practices in the Customs field, as well as recommendations and standards of international organizations**

Specific benefits for «Green Corridor» users

During import:

- Directly taking the imported goods to personal storage facilities;
- When the Customs declaration is submitted, removing the Customs identification means (seals, etc.) independently from the vehicles carrying the goods, as well as unloading of goods based on the consent of the Customs Authorities;

During export:

- Submitting electronically the Customs declaration reflecting information on exported goods and vehicles without going to the Customs Authority covering the activity area of the permanent user of the “Green Corridor” release system, and sending the goods directly to the Customs Border Crossing Point where the goods were declared;
- Applying independently the identification means (seals, stamps, etc.) recognized by Customs.
